

JD ACADEMY

Prospectus

Welcome

Dear Parent/ Guardian/ Reader

Through this prospectus which is a glimpse of our J D Academy, we welcome you all to cherish the journey of your child's education. Our primary aim is to meet the needs of every child entrusted to our care. We seek to support each child's individuality and develop everyone's talents. We work together to provide a challenging, engaging, supportive and caring environment. Our aim is to prepare students to amalgamate both traditional and modern facets so that they can cope with contemporary world and bear their mark to make themselves distinguished in the crowd of many.

Aims and Values

- Help pupils develop a love of learning.
- Provide a broad, balanced, personalised yet creative curriculum.
- Have the highest standards in academic, physical and social behaviors.
- Provide and maintain a secure, happy caring environment.
- Help pupils value the diversity of the world today.
- To work in partnership with parents and the wider community.
- Allows Children to have a voice and make a difference.

From Cradle to Classroom

Pre - Primary

Our teaching methodology is based on early year's foundation course. It is our endeavor to follow the National Curriculum Framework and its guiding principle 'LEARNING WITHOUT BURDEN'

The early years of a child are important for their all - round growth and development. We have carefully created a curriculum consisting equal balance of academics and activities to develop the skills necessary for successful and bright future. Our teachers constantly work on discovering the young talents through various activities designed on Multisensory Instruction Methodology.

We encourage participation by parents and guardians in this learning process; ultimately a happy and wholesome education is our joint effort.

The Foundation of Success

Primary School (I-V)

The Primary school is the next stage in the child's education. It is crucial as this is when children step into the world of formal academics and school life.

At J D ACADEMY, we follow universal designed for learning approach. We offer flexible ways of learning by giving different material and environment to room them in to the best.

By adapting innovative teaching method and technology to cater the needs of growing kids Here we have created balanced curriculum, imparted by trained and qualified teachers.

The programme includes remedial classes

Exploration & Discovery

Middle School (VI-VIII)

By this age our students are able to explore and understand their world; they would have established own will and aptitude for facing hurdles in life. At J D ACADEMY , we encourage scientific aptitude critical thinking and problem solving skills keeping it at balance with curiosity, creativity and outside the box thinking. The programme includes remedial classes for the below average.

Senior School //

(IX-XII)

Our Senior School builds on the strong foundation from the early childhood and middle school years. When equipped with a strong foundation, a carefully nurtured tree can finally yield the best fruits. Senior school allows our students the opportunity to grow into confident global citizens, while they pursue their dreams through academic and extracurricular achievements.

Infrastructure & Amenities //

LIBRARY

The School library is the hub of intellectual activities and is rich in reading material and reference resources, which provide information and ideas that are fundamental to functioning successfully in today's information and knowledge- based society.

COMPUTER LAB

Computer classes in school are equipped for well-rounded education. In our school students are instructed on the basics of computer use as early as Class I. Educational software is presented in a game- like format to entertain the younger students while they learn key concepts.

MATH LAB

Math Lab provides opportunity for children to enjoy Mathematics, understand its basic structure, pose and solve meaningful problems. It enables the student to learn Mathematics with the help of concrete objects and to exhibit its relatedness with everyday life.

SCIENCE LAB

Our school has an extensive science lab (Physics, Biology, Chemistry Lab) which provides an experimental foundation for the concepts introduced. Students enhance their learning by doing varied experiments which kindles their interest visually and kinesthetically. It also deviates them from rote learning and enriches their thinking ability and drawing skills. It enables the learners to familiarize themselves with experimental apparatus, scientific methods applied, and to make careful observations and draw conclusions in relation to the experiment.

Key to Home Support

We encourage a healthy communication between parents and teachers in the interest of the child. This is further encouraged through meeting sessions between parents, teachers and the Principal where they can express their understanding and intimate insights into the needs of the child. The school is open to sharing of concerns and suggestion of parents- both for academic and non-academic enhancement.

Enterprises Resource Planning (ERP)

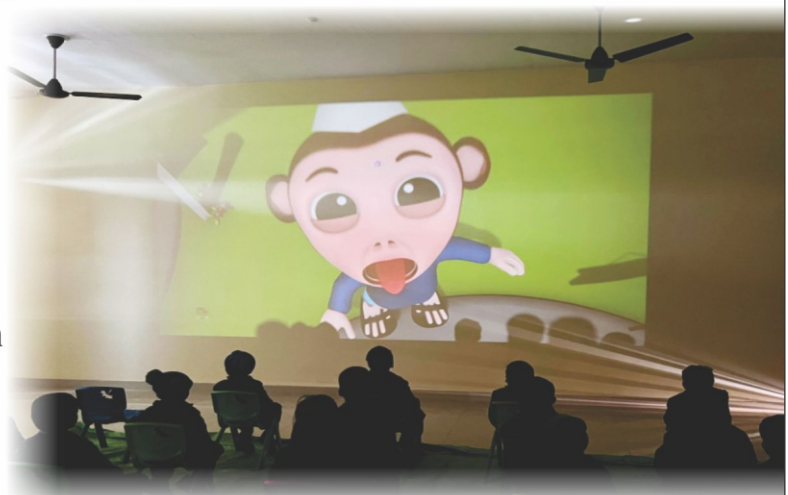

Is a beautiful App which every parent can use to remain updated with the daily developments in School and more precisely in the classroom.

Parents Orientation and Workshop

At various points in time, workshops are organised for parents which is a much required effort with the growing fractions in the society. Parents are oriented about the latest need of children and helped to cope with the changing approach of parenting.
